VITINCOM® your guarantee of quality

→ Peace of mind

All VITINCOM® products are supplied with a five-year guarantee*. No VITINCOM® products are made under license. To protect and to ensure the quality of our products and guard against low quality copies, all VITINCOM® products are labelled.

→ A wide range

The exceptionally wide & broad range offered by VITINCOM® makes it one of the most comprehensive brands of display in Europe: outdoor or indoor notice boards, in anodised or painted finish, with or without posts... offering the ability to meet your expectations all in a fully controlled budgetary framework.

→ Materials & norms

Glazing: Plexihoc®: transparent organic UV blocking glazing material with good shock resistance ISO 7032-2. Safety glass: tempered glass BS EN 12150-1.

Aluminium profile: Conforms to EN AW 6060 - BS EN 573-3.

Aluminium posts: Conform to EN AW 6106, EN AW 6060 and EN AW 6063 - EN 755-2, providing high mechanical strength.

→ Quality & durability in design

One of the best ways to act environmentally responsible is to design & manufacture sustainable products, limiting the frequency of their renewal. Anodised profiles undergo electro-chemical treatment resulting in a 15 µ thick protective surface coating of aluminium oxide. Painted profiles are powder coated using polyester powder to 60 µ then oven-baked at 180-200°C. All paint finishes are UV treated to ensure that the original colour is not lost over time.

→ Packaging

Packaging is of high quality to ensure that you receive goods in perfect condition. The packaging used is specific to the nature of the product – reinforced cardboard boxes, banding, cloth sheathes & wooden crates.

→ A large choice of accessories

VITINCOM® offers a large choice of accessories as standard: post kits, decorative & standard header boards, LED lighting kits.

→ Recycling & Social responsibility

VITINCOM® is committed to continual improvement in its environmental performance and to demonstrate a strong sense of responsibility for people and the environment.

VITINCOM® has established with its partners, a recycling process optimisation policy without sacrificing quality.

-100% of VITINCOM® notice boards are recyclable (door, back, profile, packaging)

-100% of steel, aluminium, plastic & wood off cuts are recycled.

-100% of waste (oil, paint, etc) are collected and disposed of by specialised waste disposal facilities.

→ Colours

For each notice board, a range of standard colours is offered. Should your project require a different colour, at VITINCOM® we can supply your notice board in any RAL colour (please contact us for more details). The majority of products with an anodised finish are in stock and also in the best selling colours.

*under normal operating conditions (guarantee not applicable to non-VITINCOM products).

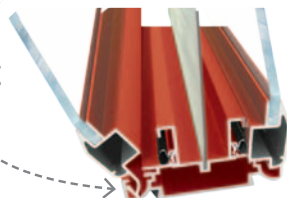

VITINCOM® OUTDOOR “QUALITY 7”

→ *Safe, secure,
waterproof
& lockable*

"TRADITION" NOTICE BOARDS

Single and dual-door

Slimline, elegant and compact, the most popular way to protect documents outside.

PRODUCT FEATURES

➔ **OUTDOOR "QUALITY 7"**: hinge free, lockable, full display, strength, practical, adaptable, waterproof (see page 5).

➔ **Slimline** and discreet using a narrow profile.

➔ Available in the popular and traditional **dual-door format for greater display area.**

➔ Simple and durable design.

- ◆ 30 mm profile.
- ◆ From 2 to 18 A4 sheets.
- ◆ Single sided.
- ◆ Aluminium frame in anodised or painted finish.
- ◆ 4mm Plexichoc® vandal-resistant glazing.
- ◆ Portrait door or dual door.
- ◆ Waterproof elastomer seal.
- ◆ Tamper-proof safety lock, supplied with 2 keys.
- ◆ Wall or post mounting (optional).
- ◆ Galvanised steel backboard in a white lacquered finish for use with magnets.

- ◆ Rear painted grey RAL 9002.
- ◆ VITINCOM® magnets supplied (1 per A4).
- ◆ Choice of optional accessories (see pages 16 to 20):
 - ➔ 60 x 40 mm post kit.
 - ➔ Decorative header boards.
 - ➔ LED lighting kits.
 - ➔ Additional magnets.

POST SYSTEMS

All outdoor models can be securely mounted on post systems specifically designed and tested for VITINCOM® notice boards. Easy to install, safe, and require no drilling of the notice board, ensuring that it remains waterproof.

1 60 x 40 post kit for "Tradition" and "Classic" ranges

- ◆ Posts in anodised or painted finish.
- ◆ Black top cap.
- ◆ Attached to the rear of the notice board using brushed stainless steel brackets.
- ◆ Post kit contains 2 posts and 4 mounting brackets.
- ◆ To be embedded into a concrete base (total height of the posts 2600mm) or on base plates (total height of the posts 2200mm).

60 x 40 PLUS post

- ◆ A central post used to align several "Tradition" or "Classic" notice boards (except notice boards with width ≥ 1400 mm).
- ◆ Kit contains 1 post and 2 central brushed stainless steel mounting brackets.
- ◆ To be embedded into a concrete base.
- ◆ **Warning:** 60 x 40 PLUS post for a "Tradition" is different from a 60 x 40 PLUS post for a "Classic".

2 Round Ø 76 mm post kit for "1000" and "2000" ranges

- ◆ Round 76 mm diameter aluminium posts in anodised or painted finish.
- ◆ Black lacquered steel top cap.
- ◆ Easy installation with no drilling required using dovetailed cast aluminium clamps.
- ◆ Notice board adjustable in height.
- ◆ To be embedded into a concrete base.
- ◆ Post kit contains 2 Ø 76 mm posts and 4 cast aluminium clamps.
- ◆ Height: see table opposite (page 17).

3 Quatro post kit for "1000" and "2000" ranges

- ◆ Oblong and dovetailed aluminium posts 80 x 125 mm in anodised or painted finish.
- ◆ Black lacquered steel top cap.
- ◆ Easy installation with no drilling required using dovetailed cast aluminium clamps.
- ◆ Notice board adjustable in height.
- ◆ To be embedded into a concrete base or on base plates (ground hoop bolts supplied).
- ◆ Height: see table opposite (page 17).
- ◆ Post kit contains 2 Quatro posts and 4 cast aluminium clamps.

Quatro Plus post

- ◆ A central post used to align several "1000" or "2000" notice boards.
- ◆ Kit contains 1 post and 4 cast aluminium clamps.
- ◆ If the alignment is likely to be exposed to strong winds we strongly recommend embedding in a concrete base.

	"1000" & "2000" WITH header board	750-1000-1050	Concrete fix only	516404	416404	2700 mm	516406	416406
		1350-1710		516408	416408	3000 mm	516409	416409

* Except "Tradition" dual-door notice boards (H 750 x 1200 mm and H 1050 x 1400 mm). ** Post kits include steel reinforcement to ensure stability & correct wind loading.

DECORATIVE & STANDARD HEADER BOARDS

Personalise your display with a header board, specifically designed for VITINCOM® notice boards.

1 to 3 Decorative header boards for "Tradition" and "Classic" ranges

- ◆ Plasma cut from 2 mm steel sheet.
- ◆ 3 shapes:
 - **1** Dome
 - **2** Wave
 - **3** Point
- ◆ 6 standard colours: to match standard notice board RAL colours + RAL 9006 to match an anodised finish.
- ◆ Attached to a wall using pre-drilled mounting holes or on posts using the 60 x 40 post kit.

Sign writing (optional)

- ◆ All header boards are supplied blank. Should you require a sign writing service please contact your dealer.

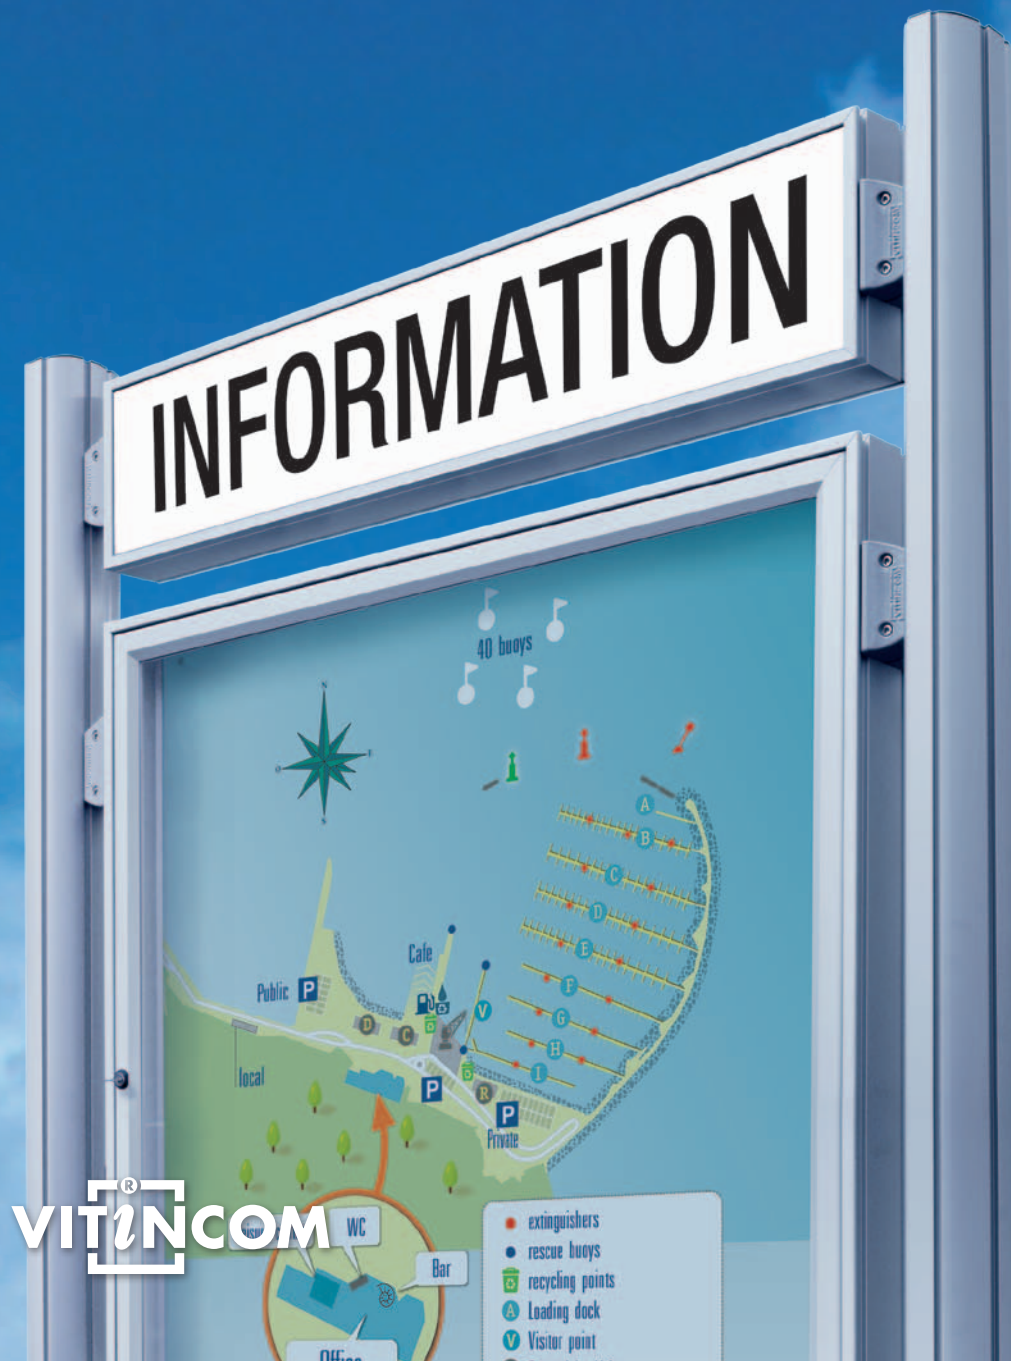

Warning: for safety reasons, decorative and standard header boards must be used with concrete fixed posts kits only.

RAL colours for decorative and standard header boards

4 / 5 Standard header boards for "1000" & "2000" ranges on posts

- ◆ 75 mm aluminium frame matching the notice board.
- ◆ Height 220 mm.
- ◆ Signage surface in galvanised steel backboard in a white lacquered finish.
- ◆ Right angle corners ("1000") or radius corners ("2000").
- ◆ 6 standard colours: to match standard notice board RAL colours + RAL 9006 to match an anodised finish.
- ◆ Supplied with 2 cast aluminium clamps.

LED LIGHTING KITS AND MAGNETS

1 LED Lighting kits

- ◆ High efficiency white light: typical brightness 60 Lumens per watt*.
- ◆ Life expectancy: 75,000 hours*.
- ◆ Energy efficiency: 15 watts* per linear metre of electricity consumed.
- ◆ Lighting kit comprises 1 or 2 LED ribbons (one for the top & one for the bottom depending on size) with a transformer to be installed outside the notice boards.
- ◆ Product codes: see table.
- ◆ **Warning:** LED ribbons & transformer are not factory fitted and require installation by a qualified electrician to comply with applicable safety regulations.
- ◆ For a factory fitted kit please contact your dealer.

*except codes 509100, 509101, 509120 and 509121: 20 lumens/watt, 50,000 hours, 5 watts/linear metre.

Technical specifications:

- ◆ LED: IP 44.
- ◆ Transformers: IP 67.
- ◆ Maximum recommended distance between LED ribbon and transformer:
 - > 5 m with 2 x 0.75 mm² cable,
 - > 10 m with 2 x 1.5 mm² cable,
 - > 15 m with 2 x 2.5 mm² cable.

SNAP FRAMES

*An economical way of displaying information temporarily.
Adapted for frequent changes.*

PRODUCT FEATURES

→ **Simple and quick** to change the display.

→ Two models:

- “Eco Clic” snap frame: simple, anodised aluminium frame.
- “Robusto” snap frame: reinforced, anodised or painted aluminium frame.

1 “Eco Clic” snap frame

- ♦ 10 mm profile.
- ♦ Anodised aluminium frame.
- ♦ Available in A4 or A3 format.
- ♦ Opened and closed by pivoting the sprung aluminium side sections.
- ♦ Anti-glare protective front sheet.

2 “Robusto” snap frame

- ♦ 21 mm profile.
- ♦ Particularly robust anodised or painted aluminium frame, (may be used outside if in a moderately covered area).
- ♦ Plastic radius corners.
- ♦ 3 formats: 4 A4, 8 A4, 16 A4.
- ♦ Opened and closed by pivoting the sprung aluminium side sections.
- ♦ 1 mm anti-glare protective front sheet.

Disclaimer

The products in the Snap Frames range are not manufactured in our factories. Their finish is not comparable to VITINCOM® products and are not covered by extended guarantees.

LED LIGHTING KITS AND MAGNETS

1 LED Lighting kits

- ♦ High efficiency white light: typical brightness 60 Lumens per watt*.
- ♦ Life expectancy: 75,000 hours*.
- ♦ Energy efficiency: 15 watts* per linear metre of electricity consumed.
- ♦ Lighting kit comprises 1 or 2 LED ribbons (one for the top & one for the bottom depending on size) with a transformer to be installed outside the notice boards.
- ♦ Product codes: see table.
- ♦ **Warning:** LED ribbons & transformer are not factory fitted and require installation by a qualified electrician to comply with applicable safety regulations.
- ♦ For a factory fitted kit please contact your dealer.

*except codes 509100, 509101, 509120 and 509121: 20 lumens/watt, 50,000 hours, 5 watts/linear metre.

Technical specifications:

- ♦ LED: IP 44.
- ♦ Transformers: IP 67.
- ♦ Maximum recommended distance between LED ribbon and transformer:
 - ▶ 5 m with 2 x 0.75 mm² cable,
 - ▶ 10 m with 2 x 1.5 mm² cable,
 - ▶ 15 m with 2 x 2.5 mm² cable.
